ACADEMIC POSITIONS

2015 – present Assistant Professor, School of Social Work, University of Michigan
2011- 2015 Assistant Professor, School of Social Work, Virginia Commonwealth
University
Affiliate faculty, Virginia Institute for Psychiatric Behavioral Genetics
Affiliate faculty, Institute for Drug and Alcohol Studies
2009-2011 Postdoctoral Research Fellow, Vivian A. and James L. Curtis School of
Social Work Research and Training Center, School of Social Work,
University of Michigan

EDUCATION

2007 Ph.D. in Social Work and Developmental Psychology
University of Michigan Joint Doctoral Program in Social Work and Social Science
(Developmental Psychology)
2004 M.S.W., University of Michigan School of Social Work
Concentration: Mental Health and Children and Youth
2004 M.S., University of Michigan Rackham School of Graduate Studies
Developmental Psychology
2001 M.B.A, University of Michigan-Dearborn

RESEARCH

Current Support

2014 *Genetic contributions to smoking and internalizing problems in adolescence.*
Role: PI
This proposal is a Mentored Research Scientist Career Development Award
(K01) funded by the NIH's National Institutes of Drug Abuse to work under the
tutelage of Drs. Kenneth Kendler, Hermine Maes and Todd Webb at the Virginia
Commonwealth University Virginia Institute for Psychiatric and Behavioral
Genetics. Total Project Costs \$767,392.07

- 2014 *Developmental trajectories in the comorbidity between smoking and depressive symptoms*
Role: PI
This proposal is a Research Diversity Supplement under the Developmental Genetic Epidemiology of Smoking (PI: Maes) to gain a better insight into the developmental etiology of smoking behaviors during adolescence, explore the role of depressive symptoms in the etiology using genetically informative longitudinal studies of adolescents, and explore racial/ethnic differences in genetic and environmental contributions to tobacco use. Total Project Costs: \$94,550.00. Status: Completed.
- 2013 *Etiology of drug use and emotional health among entering college students (PI: Bares)*
This proposal was submitted to a NIDA R25 parent grant (PI: Anthony) for pilot support of secondary data analysis of an ongoing study of college students currently enrolled at Virginia Commonwealth University. Total Project Costs \$16,249.00. Status: Completed.
- 2012 *Ecological momentary assessment of depressive mood and cigarette use among college students (PI: Bares).*
This project examined the pilot use of a momentary assessment method to measure the relationship between mood and smoking behavior among college students. Total Project Costs \$3,750.00. Status: Completed.

AWARDS AND HONORS

- 2015 Invited to attend a NIDA Diversity Supplement Workshop for recipients of NIDA Research Supplements to Promote Diversity in Bethesda, MD April 2015.
- 2014 Selected as *New Investigator in Hispanic Drug Abuse Research Panel* to participate in the National Hispanic Science Network's Fourteenth Annual International Scientific Conference.
- 2012 Selected as an *Early Career Ethnic Minority Investigator* to receive a travel stipend to attend UCLA's Summer Institute on August 13-15, 2012. The Summer Institute is a key component of the NIDA funded Center for Advancing Longitudinal Drug Abuse Research (CALDAR) which is intended to advance knowledge on the long-term nature of substance use and its interplay with drug treatment, HIV infection, and other service systems.

- 2011 Selected as one of 5 *Early Career Hispanic Scientists* participating in the first cycle of a NIH-funded R25 mentoring program (PI: Anthony) to receive guidance from drug abuse researchers committed to advancing the knowledge of drug use prevention and knowledge among the Hispanic population by Hispanic scientists.
- 2010 National Institute on Drug Abuse (NIDA) *International Program and Prevention Research Branch Travel Award* to present at the annual meeting of the *Society for Prevention Research*, June 1-4, 2010.
- 2002-2007 National Institute of Mental Health (NIMH) Prevention Research Training Grant, Predoctoral Research Fellow.

ADDITIONAL TRAINING

Advanced training in statistics at the University of California, Los Angeles, and University of Colorado, University of Michigan, and Virginia Commonwealth University:

- 2014 International Workshop on Statistical Genetic Methods for Complex Human Traits: The Introductory Course at the Institute for Behavioral Genetics, University of Colorado, Boulder
- 2013 Quantitative Genetics at the Virginia Institute for Psychiatric and Behavioral Genetics at Virginia Commonwealth University
- 2012 Advanced Genetic Epidemiology Statistical Workshop at the Virginia Institute for Psychiatric and Behavioral Genetics at Virginia Commonwealth University
- 2012 Advanced Topics in Ecological Momentary Assessment Data, UCLA CALDAR
- 2012 Advanced Topics in Group-based Trajectory Modeling, UCLA CALDAR
- 2010 Issues in Analysis of Complex Sample Survey Data, UM CSCAR
- 2010 Applications of Hierarchical Linear Modeling, University of Michigan CSCAR
- 2010 Using ArcGIS, University of Michigan's CSCAR
- 2010 Hierarchical Linear Models II: Special Topics, University of Michigan's ICPSR
- 2010 Hierarchical Linear Models, University of Michigan's ICPSR
- 2009 Applied Structural Equation Modeling, University of Michigan's CSCAR
- 2005 Categorical Analysis, University of Michigan's ICPSR
- 2004 Hierarchical Linear Models, University of Michigan's ICPSR
- 2003 Advanced Multivariate Statistical Methods, University of Michigan's ICPSR

TEACHING EXPERIENCE

Virginia Commonwealth University School of Social Work

- 2011-2015 Assistant Professor, School of Social Work
- Taught the research courses in both the Masters in Social Work and the Doctoral program at Virginia Commonwealth University and a foundation Human Behavior course at the Masters' level.
- 2014-2015 Mentor to Master Students enrolled in the International Programme in Addiction Studies (IPAS). The IPAS program is a collaboration between Virginia Commonwealth University, King's College London and the University of Adelaide. Assisted student in fine tuning area of interest and research question, presented various sources of secondary data available for the student to test their hypothesis on, and provided supervision and feedback during the writing of the final master's thesis.
- 2014-2015 Advisor to a VCU Hubert H. Humphrey Fellow interested in the prevention, and treatment of adolescent substance use in her home country of Paraguay. The Hubert H. Humphrey Fellowship program is sponsored by the U.S. Department of State's Bureau of Educational and Cultural Affairs bring accomplished mid-career professionals to the United States for an intense year of study and professional experiences to expand on skills related to promoting health behaviors upon the fellows return to their home country.
- 2013-2015 Doctoral advisor to students enrolled in the VCU School of Social Work Doctoral Program. In exposure to some of my longitudinal projects that I actively work on, doctoral students work closely with me on data analysis and manuscript writing.
- 2011-2015 Supervisor to doctoral students working as Graduate Research Assistants on research projects involving secondary data analysis, grant writing, and primary data collection. During weekly meetings I have led students to developing and fine tuning their data analysis and grant writing skills. These activities have led to the submission of conference presentations

and manuscripts with doctoral students taking an active role in the process.
